NAMED PERSONS WITH RESPONSIBILITY FOR CHILD PROTECTION:

Designated Safeguarding Lead: **Jo Ronxin**

Deputy Designated Safeguarding Lead:

Sara Edwards (CEO), Stuart Porter (Executive Headteacher), Max Burr (Executive Headteacher).

Local Authority Designated Officer (LADO): 01225 713945

1. INTRODUCTION

This policy is in response to:

- 1) Sections 157 and 175 of the Education Act 2002, implemented June 2004
- 2) 'Keeping Children Safe in Education' issued by the DfE in 2019

It is in line with the relevant Safeguarding Partnership's Child Protection Procedures and DfE guidance.

This policy applies to all adults, including volunteers, working in or on behalf of the School or the Trust.

Everyone in the education service shares an objective to help keep children and young people safe by contributing to:

- Providing a safe environment for children and young people to learn in education settings;
- Identifying children and young people who are suffering or likely to suffer significant harm, and taking appropriate action with the aim of making sure they are kept safe both at home and in the education setting.

Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.

2. ACORN EDUCATION TRUST COMMITMENT

Each student's welfare is of paramount importance. The Trust is committed to safeguarding and promoting the welfare of all its students. This particularly applies to those vulnerable to abuse e.g. those with Special Educational Needs and those living in adverse circumstances. We recognise that children who are abused or neglected may find it difficult to develop a sense of self-worth and to view the world in a positive way and whilst at school, their behaviour may be challenging. We recognise that some children who have experienced abuse may harm others. We will always take a considered and sensitive approach in order that we can support all our students.

3. PROVIDING A SAFE AND SUPPORTIVE ENVIRONMENT

3.1 Safer Recruitment and Selection

The Trust pays full regard to DfE guidance 'Keeping Children Safe in Education' 2019. We ensure that all appropriate measures are applied in relation to everyone who works in a Trust School, who, is likely to be perceived by the students as a safe and trustworthy adult, including volunteers and staff employed by contractors. Safer recruitment practice has been fully encompassed in the Trust's Recruitment Policy and its procedures. Safer recruitment practice includes:

- Scrutinising applications;
- Verifying identity and qualifications;
- Obtaining professional and character references;
- Checking previous employment history and ensuring that a candidate has the health and physical capacity for the job;
- Undertaking rigorous selection procedures and Disclosure and Barring Service (DBS) and other checks.

The recruitment practices in place at Acorn Education Trust:

- Enhanced DBS with Barred list check. This is obtained for all new appointments to the Trust workforce (all Governors are also required to undertake an Enhanced DBS check which includes S128 check);
- Disclosure by Association checks, which are undertaken for staff who are employed in relevant positions;
- Teacher Services checks, which are undertaken for all relevant staff, including QTS verification;
- ID and right to work in the UK verification (prior to appointment);
- Two references taken (for all appointments);
- Enhanced DBS; Obtained for volunteers following a risk assessment considering the frequency, regularity, duration and nature of contact with children and young people;
- DBS checks for any contracted staff are conducted, where appropriate;
- A Single Central Record, maintained by each school, detailing the range of checks carried out on their staff, volunteers, governors and regular visitors;
- Identity, criminal conviction disclosure, health and rights to work in the UK checks are conducted, on all new appointments to the trust workforce, prior to interview;
- The same level of stringent checks are applied to any supply staff.

In each School the Headteacher, Senior Leadership Team and the named Safeguarding Governor have successfully undertaken the approved Safer Recruitment Training. At least one member of every interview, or appointment panel, has successfully completed this training.

3.2 Safe Practice

Each School has undertaken Child Safeguarding training for all staff, and, updates this training at least every 3 years to ensure that staff are safe and aware of behaviours which should be avoided. In addition, the Trust's Staff Code of Conduct outlines acceptable and unacceptable behaviour towards children and young people. A summary of this is also provided in the Staff Induction prior to taking up employment.

Safe working practice ensures that students are safe and that all staff:

- Are responsible for their own actions and behaviours, and, know how to avoid any conduct which could lead any reasonable person to question their motivation or intentions;
- Can work in an open and transparent way;

- Can discuss and/or take advice from the School management over any incident which may give rise to concern;
- Record any incidents or decisions made in relation to a child or young person;
- Apply the same professional standards regardless of gender or sexuality;
- Are aware that breaches of the law and other professional guidelines could result in criminal or disciplinary action being taken against them.

3.3 Sharing Safeguarding Information with Students

The Trust is committed to ensuring that students are aware of behaviour towards them that is not acceptable and how they can keep themselves safe. All students know that we have a senior member of staff with responsibility for child protection and know who this is. We inform students of whom they might talk to, both in and out of the School, their right to be listened to and heard and what steps can be taken to protect them from harm. PSHE materials are used to help students learn how to keep safe.

The Trust's arrangements for consulting with and listening to students are via Vertical Tutor Groups, peer support and mentoring schemes, teaching and associate staff and Student Voice.

3.4 Partnership with Parents

The Trust shares a purpose with parents/carers to keep children safe from harm and to have their welfare promoted.

We are committed to working positively, open and honestly with parents/carers. We ensure that all parents/carers are treated with respect, dignity and courtesy. We respect parents'/carers' rights to privacy and confidentiality and will not share sensitive information unless we have permission or it is necessary to do so to protect a child. Each School will share with parents/carers any concerns we may have about their child unless to do so may place the child at risk of harm.

Acorn Education Trust follow each of the Safeguarding Partnership's (formerly LSCB) procedures when dealing with any matters of a child protection nature. The School will endeavour to discuss all concerns with parents/carers about their child/ren. However, there may be exceptional circumstances when a School will discuss concerns with Social Care and/or the Police without parental knowledge (in accordance with Safeguarding Partnership's Child Protection Procedures). The School will, of course, always aim to maintain a positive relationship with all parents/carers. The Trust's Child Safeguarding Policy is available to all parents/carers upon request.

3.5 Partnerships with Others

No single professional can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action. Although inter agency working and information sharing are vital in identifying and tackling all forms of abuse, it is clear they are especially important to identify and prevent child sexual exploitation.

The Trust recognises that it is essential to establish positive and effective working relationships with other agencies. These include the Local Authority, Social Care, Barnardo's, Police, Health, Childline, NSPCC, etc.

Fears about sharing information cannot be allowed to stand in the way of the need to promote the welfare and protect the safety of children.

3.6 School Training and Staff Induction

Each School's Designated Safeguarding Lead and Deputy Designated Safeguarding Lead with Responsibility for Child Protection undertake basic child protection and safeguarding training on a two yearly basis. Each School Headteacher and all other staff, including associate staff, undertake appropriate induction training to equip them to carry out their responsibilities for child protection effectively, which is updated at least every three years.

All staff (including temporary staff and volunteers) are provided with a child Safeguarding Induction prior to taking up appointment and are provided with a copy of relevant policies during Induction. All staff will be made aware that safeguarding issues can manifest themselves via peer on peer abuse. This is most likely to include, but not limited to:

- Bullying (including cyber bullying);
- Gender based violence/sexual assaults;
- Sexting.

3.7 Support, Advice and Guidance for Staff

Staff will be supported by the Designated Safeguarding Lead and Deputy Designated Safeguarding Lead with responsibility for Child Protection, who will provide guidance and training where appropriate. They will be supported by the School Headteacher and through the Trust.

Advice and support is always available from the Local Authority's Social Work Team and further advice is available from the Police.

3.8 On-line Safety

It is essential that children are safeguarded from potentially harmful and inappropriate online material.

As part of a broad and balanced curriculum, the Trust offers a curriculum which covers the need for safeguarding which includes online safety. The curriculum offers [Relationships Education for primary pupils and Relationships and Sex Education \(RSE\) for secondary pupils](#). This is covered through PSHE and the assembly programme.

3.9 Related Trust Policies

Safeguarding covers more than the contribution made to child protection in relation to individual children. It also encompasses issues such as student health and safety and bullying; as well as a range of other issues, for example, arrangements for meeting the medical needs of children, providing first aid, school security, drugs and substance misuse etc. There may also be other safeguarding issues that are specific to the local area of population.

Other related Trust Policies and Protocols that should be referred to include:

- Health and Safety Policy;
- Staff Code of Conduct;
- Whistleblowing Procedure;
- Equal Opportunities Policy;
- SEND Policy.

3.10 Student Information

In order to keep children safe and provide appropriate care for them, each School requires accurate and up to date information regarding:

- Names (including any previous names), address and date of birth of child;
- Names and contact details of persons with whom the child normally lives;
- Names and contact details of all persons with parental responsibility (if different from above);
- Whether the child is Looked After;
- Emergency contact details;
- Details of any persons authorised to collect the child from the School;
- Any relevant court orders in place including those which affect any person's access to the child (e.g. Residence Order, Contact Order, Interim or Full Care Order, Injunctions etc);
- If the child has or has had a Child Protection Plan (formerly known as being on the Child Protection Register);
- Name and contact details of any key persons from other agencies, including GP;
- Any other factors which may impact on the safety and welfare of the child.

3.11 Roles and Responsibilities

The Trust will ensure that:

- It has a Child Safeguarding policy and procedures in place, which, are in accordance with the Safeguarding Partnership guidance and locally agreed interagency procedures, and the policy is available to parents/carers upon request;
- It operates safe recruitment procedures and makes sure that all appropriate checks are carried out on staff and volunteers who work with children;
- It has procedures for dealing with allegations of abuse against staff and volunteers that comply with guidance from the Local Authority and locally agreed inter-agency procedures;
- A senior member of the School's Leadership Team is designated to take lead responsibility for Child Protection (and a deputy);
- Staff undertake appropriate child protection training, including annual updates and they remedy, without delay, any deficiencies or weaknesses regarding child protection arrangements;
- Where services or activities are provided on a School's premises by another body, the body concerned has appropriate policies and procedures in place in regard to safeguarding children and child protection and liaises with the School on these matters where appropriate;
- The Child Safeguarding Policy is updated and reviewed annually and the school works with the Academy Council regarding this;
- They review their policies and procedures annually;
- The appropriate online filtering and monitoring is in place and is kept up to date, whilst not preventing access to online learning opportunities;
- Should an allegation arise outside of the school's term time and the Designated Safeguarding Lead, deputy Designated Safeguarding lead and Headteacher are unavailable, the Trust has appointed the Head of Safeguarding Jo Ronxin (ro@acorneducationtrust.com) to be responsible for managing the referral process in their absence. The Trust's DDSLs can also be a point of contact Sara Edwards (se@acorneducationtrust.com), Stuart Porter (sp@acorneducationtrust.com) and/ or Max Burr (mb@acorneducationtrust.com).

Each School Headteacher will ensure that:

- The policies and procedures adopted by the Trust are fully implemented, and followed by all staff;
- Sufficient resources and time are allocated to enable the Designated Safeguarding Lead and other staff to discharge their responsibilities;
- Appropriate levels of qualified staff are maintained within the School to ensure adequate levels of safeguarding practitioners at all times;
- All staff and volunteers feel able to raise concerns about poor or unsafe practice in regarding to children, and such concerns are addressed sensitively and effectively in a timely manner in accordance with the agreed Whistleblowing Policy.

Each Designated Lead with Responsibility for Child Protection will:

Referrals

- Refer cases of suspected or alleged abuse to the relevant investigating agencies;
- Act as a source of support, advice and expertise within the educational establishment;
- Liaise with the School Head to inform him/her of any issues and ongoing investigations and ensure there is always cover for this role.

Training

- Recognise how to identify signs of abuse and when it is appropriate to make a referral;
- Have a working knowledge of how the child protection cases operate, the conduct of a child protection case conference and be able to attend and contribute to these;
- Ensure that all staff have access to and understand the Trust's/School's Child Safeguarding Policy;
- Ensure that all staff have induction training;
- Circulate relevant information and guidance to staff on a regular basis;
- Keep detailed, accurate and secure written records and/or concerns;
- Understand the unique risks associated with online safety and be confident that they have the relevant knowledge and up to date capability required to keep children safe whilst they are online at the School;
- Recognise the additional risks that children with SEN and disabilities (SEND) face online, for example, from online bullying, grooming and radicalisation and are confident they have the capability to support SEND children to stay safe online;
- Obtain access to resources and attend any relevant or refresher training courses at least every two years.

Raising Awareness

- Ensure parents/carers are made aware of the Child Safeguarding Policy which alerts them to the fact that referrals may be made, and, the role of the School in this to avoid conflict later;
- Ensure that appropriate staff have the information they need in relation to a child's looked after legal status (whether they are looked after under voluntary arrangements with consent of parents or on an interim or full care order) and contact arrangements with birth parents or those with parental responsibility. They will also have information about the child's care arrangements and the levels of authority delegated to the carer by the authority looking after him/her. The Designated Safeguarding Lead will have details of the child's social worker and the name of the virtual school head in the authority that looks after the child;
- Ensure where a child leaves a School, that the Child Safeguarding file is copied for the new establishment ASAP and is transferred to the new school separately from the main student file. If a child goes missing or leaves to be educated at home, then the child protection file should be copied and the copy forwarded to the Principal Education Welfare Officer at the Local Authority.

All staff and volunteers will:

- Fully comply with the Trust's policies and procedures;
- Attend appropriate training;
- Inform the Designated Safeguarding Lead of any concerns;
- Understand the process for making referrals to children's social care and for statutory assessment under the Children Act;
- Record any potential safeguarding incidents appropriately.

4. IDENTIFYING CHILDREN AND YOUNG PEOPLE WHO MAY BE SUFFERING SIGNIFICANT HARM

Teachers and other adults in each School are well placed to observe any physical, emotional or behavioural signs which indicate that a child may be suffering significant harm. The relationships between staff, students, parents and the public which foster respect, confidence and trust can lead to disclosures of abuse, and/or Trust staff being alerted to concerns.

Safeguarding children is defined as:

- The actions we take to promote the welfare of children and protect them from harm are everyone's responsibility. Everyone who comes into contact with children and families has a role to play.

Safeguarding and promoting the welfare of children is defined as:

- Protecting children from maltreatment;
- Preventing impairment of children's health or development;
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care;
- Taking action to enable all children to have the best outcomes.

Safeguarding is not just about protecting children from deliberate harm. It also relates to aspects of school life including:

- Pupils' health and safety;
- The use of reasonable force;
- Meeting the needs of children with medical conditions;
- Providing first aid;
- Educational visits;
- Intimate care;
- Internet or e-safety.

Safeguarding can involve a range of potential issues such as:

- Bullying, including cyber bullying (by text message, on social networking sites, etc) and prejudice based bullying;
- Peer on peer abuse;
- Racist homophobic or transphobic abuse;
- Extremist behaviour i.e. radicalisation;
- Child sexual exploitation;
- Sexting;
- Substance misuse;

- Upskirting (typically involves taking a picture under a person’s clothing without them knowing, with the intention of viewing their genitals or buttocks to obtain sexual gratification, or cause the victim humiliation, distress or alarm);
- Issues which may be specific to a local area or population, for example gang activity and serious youth violence. Staff will need to recognise possible signs of a child being at risk of or involved in youth violence, such as lack of guilt and empathy, physical violence/aggression, positive attitude towards delinquency, previous criminal activity, unexplained money or new expensive possessions, unexplained physical injuries and regular truancy;
- Particular issues affecting children including domestic violence, female genital mutilations, honour based violence, breast ironing and forced marriage.

4.1 Definitions

As in the Children’s Acts 1989 and 2004, a child is defined as anyone who has not yet reached his/her 18th birthday.

Harm means ill treatment or impairment of health and development, including, for example, impairment suffered from seeing or hearing the ill-treatment of another. Development means physical, intellectual, emotional, social or behavioural development. Health includes physical and mental health. Ill-treatment includes sexual abuse and other forms of ill-treatment which are not physical.

Abuse is a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or another child or children.

Physical abuse may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of or deliberately induces illness in a child.

Sexual abuse involves forcing or enticing a child or young person to take part in sexual activities, including prostitution, whether or not the child is aware of what is happening. The activities may involve physical contact, including penetrative (e.g. rape, buggery or oral sex) or non-penetrative acts. They may include non-contact activities, such as involving children in looking at or in the production of, pornographic material or watching sexual activities or encouraging children to behave in sexually inappropriate ways.

Emotional abuse is the persistent emotional maltreatment of a child such as to cause severe and persistent adverse effects on the child’s emotional development. It may involve conveying to children that they are worthless or unloved, inadequate or valued only insofar as they meet the needs of another person. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond the child’s developmental capability, as well as overprotection and limitation of exploration and learning or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying, causing children frequently to feel frightened or in danger or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, though it may occur alone.

Neglect is the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to:

- provide adequate food clothing and shelter (including exclusion from home or abandonment);
- protect a child from physical and emotional harm or danger;
- ensure adequate supervision (including the use of inadequate care-givers);
- ensure access to appropriate medical care or treatment.

It may also include neglect of or unresponsiveness to a child's basic emotional needs.

Whilst the above are the legal definitions, staff must also be aware of other forms of harm including forced marriage, radicalisation, honour based violence and female genital mutilation.

Early Help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years. In the first instance staff should discuss early help requirements with the Designated Safeguarding Lead. Staff may be required to support other agencies and professionals in an early help assessment. Staff should be particularly alert to the potential need for early help for a child who:

- Is disabled and has specific additional needs;
- Has special educational needs (whether or not they have a statutory education, health and care plan);
- Is a young carer;
- Is frequently missing/goes missing from care or home;
- Is misusing drugs or alcohol;
- Is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse; and/or
- Has returned home to their family from care.

A Child in Need is defined under the Children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. Local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under Section 17 of the Children Act 1989.

5. TAKING ACTION TO ENSURE THAT CHILDREN ARE SAFE AT THEIR SCHOOL AND AT HOME

It is not the responsibility of Trust staff to investigate welfare concerns or determine have a duty to recognise concerns and maintain an open mind. Accordingly, all concerns regarding the welfare of students will be recorded and discussed with the Designated Safeguarding Lead with responsibility for child protection (or another senior member of staff in the absence of the Designated Safeguarding Lead) prior to any discussion with parents/carers.

5.1 Staff will Immediately Report

- Any suspicion that a child is injured, marked or bruised in a way which is not readily attributable to the normal knocks or scrapes received in play;
- Any explanation given which appears inconsistent or suspicious;
- Any behaviours which give rise to suspicions that a child may have suffered harm (e.g. worrying drawings, writing or acts);
- Any concerns that a child may be suffering from inadequate care, ill treatment or emotional maltreatment;
- Any concerns that a child is presenting signs or symptoms of abuse or neglect;
- Any significant changes in a child's presentation, including non-attendance;
- Any hint or disclosure of abuse from any person;
- Any concerns regarding person(s) who may pose a risk to children (e.g. living in a household with children present).

Staff should be aware that children with SEND may face additional safeguarding challenges and should ensure that any potential barriers to them reporting concerns are removed.

If a teacher, in the course of their work in the profession, discovers that an act of Female Genital Mutilation appears to have been

carried out on a girl under the age of 18 the teacher must report this to the Designated Safeguarding Lead, who will inform the Police.

Staff should also report:

- Any children who they believe may benefit from early help, this includes identifying emerging problems, liaising with the designated safeguarding lead, sharing information with other professionals to support early identification and assessment and, in some cases, acting as the lead professional in undertaking an early help assessment;
- Any concerns that a child is at risk of, or involved in, serious violent crime.

Concerns will be recorded on the appropriate forms.

5.2 Responding to Disclosure

Disclosures or information may be received from students, parents/carers or other members of the public. The School recognises that those who disclose such information may do so with difficulty, having chosen carefully to whom they will speak. Accordingly, staff will handle disclosures with sensitivity.

Such information cannot remain confidential and staff will immediately communicate what they have been told to the Designated Safeguarding Lead and make a contemporaneous record.

Principles

Staff will not investigate but will, wherever possible, elicit enough information to pass on to the Designated Safeguarding Lead in order that s/he can make an informed decision of what to do next.

Staff will:

- Listen to and take seriously any disclosure or information that a child may be at risk of harm;
- Try to ensure that the person disclosing does not have to speak to another member of the School's staff;
- Try to keep questions to a minimum and of an 'open' nature e.g. 'can you tell me what happened?' rather than 'did X hit you?';
- Try not to show signs of shock, horror or surprise;
- Not express feelings or judgements regarding any person alleged to have harmed the child;
- Explain sensitively to the child that they have a responsibility to refer the information to the Designated Safeguarding Lead;
- Reassure and support the child as far as possible;
- Explain that only those who 'need to know' will be told;
- Explain what will happen next and that the child will be involved as appropriate.

5.3 Action by the Designated Safeguarding Lead (or other senior person in their absence)

Following any information raising concern, the Designated Safeguarding Lead will consider:

- Any urgent medical needs of the child;
- Making an enquiry to the Central Database (formerly the Child Protection Register);
- Discussing the matter with other agencies involved with the family;
- Consulting with appropriate persons e.g. Police, Children's Social Care etc.;
- The child's wishes;
- Any suspicion of female genital mutilation of a girl under 18 years of age will be reported to the Police and Children's Social Care;

- Talking to parents/carers, unless to do so may place a child at risk of significant harm, impede any Police investigation and/or place the member of staff or others at risk;
- Whether to make a child protection referral to Children’s Social Care or the Police because a child is suffering or is likely to suffer significant harm and if this needs to be undertaken immediately.

OR

- Not making a referral at this stage;
- If further monitoring is necessary;
- If early help is appropriate. The Designated Safeguarding Lead should support the staff member in liaising with other agencies and setting up an inter-agency assessment as appropriate and then ensure the case is kept under constant review and consideration given to a referral to children’s social care if the child’s situation doesn’t appear to be improving or is getting worse;
- If it would be appropriate to undertake a Common Assessment and/or make a referral for other services.

Referrals should, ideally, be made by a Designated Safeguarding Lead. However, in their absence, anyone can make a referral, and their absence must not delay the appropriate action being taken. Where referrals are not made by the Designated Safeguarding Lead the Designated Safeguarding Lead should be informed, as soon as possible, that a referral has been made.

All information and actions taken, including the reasons for any decisions made, will be fully documented. All referrals to Social Care will be accompanied by a standard Referral Form (Appendix A).

5.4 Action following a child protection referral

The Designated Safeguarding Lead or other appropriate member of staff will:

- Make regular contact with Children’s Social Services;
- Contribute to the Strategy Discussion and Initial Assessment;
- Provide a report for, attend and contribute to any subsequent Child Protection Conference;
- Contribute to the Child Protection Plan (If the child or children have a one) and attend Core Group Meetings and Review Child Protection Conferences;
- Share all reports with parents prior to the meetings;
- Discuss with the Education Safeguarding Manager when in disagreement with a decision made e.g. not to apply Child Protection Procedures or not to convene a child Protection Conference;
- Immediately inform the key worker in Social Services if a child having a Child Protection Plan moves from a School or goes missing.

5.5 Recording and Monitoring

Each School will record:

- Information about the child: name, address, D.O.B, those with parental responsibility, primary carers, emergency contacts, names of persons authorised to collect from the School, any court orders, if a child has been subject to a Child Protection Plan;
- Key contacts in other agencies including GP details;
- Any disclosures/accounts from child or others, including parents/carers (and keep original notes);
- All concerns, discussions, decisions, actions taken (dated, timed and signed) and arrangements for monitoring/reviewing.

All records should be objective and include:

- Statements, facts and observable things (what was seen/heard);
- Diagram indicating position, size, colour of any injuries (photographs if appropriate);
- Words child uses (not translated into 'proper' words);
- Non-verbal behaviours.

All child protection documents will be retained in a 'Child Protection' file, separate from the child's main file. This will be locked away and only accessible to the School Headteacher and Designated Safeguarding Lead. These records will be copied and transferred to any school or setting the child moves to, clearly marked: 'Child Protection, Confidential, for the attention of the Designated Safeguarding Lead with Responsibility for Child Protection'. If the child goes missing from education or is removed from roll to be educated at home then, any Child Protection file should be copied and the copy sent to the Principal Education Welfare Officer.

The School will retain all original copies of child protection files until the child's 25th birthday.

Each School will monitor:

- Injuries/marks;
- Attendance;
- Changes e.g. mood/academic functioning;
- Relationships;
- Language;
- Behaviour;
- Demeanour and appearance;
- Statements and comments;
- Medicals;
- Stories, 'news', drawings;
- Response to PE/sport;
- Family circumstances;
- Parental behaviours/care of child.

5.6 Supporting the Child and Partnership with Parents/Carers

- The Trust recognises that the child's welfare is paramount and that good child protection practice and outcomes rely on a positive, open and honest working partnership with parents/carers;
- Whilst we may, on occasion, need to make referrals without consultation with parents/carers, we will make every effort to maintain a positive working relationship with them whilst fulfilling our duties to protect any child;
- We will provide secure, caring, supportive and protective relationships for the child;
- Children will be given a proper explanation (appropriate to age and understanding) of what action is being taken on their behalf and why;
- We will endeavour always to preserve the privacy, dignity and right to confidentiality of the child and parents/carers. The Designated Safeguarding Lead will determine which members of staff 'need to know' personal information and what they 'need to know' for the purpose of supporting and protecting the child.

5.7 Allegations regarding Person(s) working in or on behalf of the Trust (including volunteers)

Where an allegation is made against any person working in or on behalf of the Trust, that he or she has:

- Behaved in a way that has harmed a child or may have harmed a child;

- Possibly committed a criminal offence against or related to a child; or
- Has behaved towards a child or children in a way that indicated s/he is unsuitable to work with children.

The Trust will follow the Safeguarding Partnership's Procedure for Dealing with Allegations against a Person who works with Children.

Detailed records will be made to include decisions, action taken and the reasons for these. All records will be retained securely as mentioned above.

Whilst we acknowledge that such allegations (as all others) may be false, malicious or misplaced, we also acknowledge that they may be founded. It is, therefore, essential that all allegations are investigated properly and in line with agreed procedures.

Initial Action

- The person who has received the allegation or witnesses an event will immediately inform their School Headteacher (or Executive Headteacher if the allegation is against the Headteacher) and make a record;
- The Headteacher will take steps, where necessary, to secure the immediate safety of children and any urgent medical needs;
- The member of staff will not be approached at this stage unless it is necessary to address the immediate safety of children;
- The Headteacher may need to clarify any information regarding the allegation, however, no person will be interviewed at this stage;
- The Headteacher will consult with the Local Authority Designated Officer (LADO) in order to determine if it is appropriate for the allegation to be dealt with by the School or if there needs to be a referral to Social services and/or Police for investigation;
- Consideration will be given throughout to the support and information needs of students, parents and staff;
- The Headteacher will inform the Head of Human Resources of any allegation.

Where a staff member feels unable to raise an issue with their Headteacher, Designated Safeguarding Lead or other senior colleague, or feels that their genuine concerns are not being addressed, they should refer to the Trust's Whistleblowing Procedure.

Required further investigations, including suspensions, and any relevant referrals will be managed within the Trust's Staff Disciplinary Procedure.

5.8 Looked After Children and Previously Looked After Children

The most common reason for children becoming looked after is as a result of abuse or neglect. The School ensures that appropriate staff have information about a child's looked after status and care arrangements including contact. The Designated Teacher for Looked After Children and Designated Safeguarding Leads have details of the child's social worker, as well as the name and contact details of the local authority's virtual Head for children in care. They will work with the Virtual Head to discuss how funding can be best used to support the progress of LAC and meet the needs in their PEP (Personal Education Plan).

<https://www.gov.uk/government/publications/promoting-the-education-of-looked-after-children>
<https://www.gov.uk/government/publications/designated-teacher-for-looked-after-children>

5.9 Work Experience

The School has detailed procedures to safeguard students undertaking work experience, including arrangements for checking people who provide placements and supervise pupils on work experience which are in accordance with the

guidance in Keeping Children Safe in Education.

5.10 Children staying with Host Families

The School may make arrangements for students to stay with a host family during a foreign exchange trip or sports tour. In such circumstances this may amount to Private Fostering and the School follows the guidance in Keeping Children Safe in Education to ensure that hosting arrangements are as safe as possible.

Some overseas students may reside with host families in the UK. These parents, and all in the home over 18 years of age, will be subject to a no cost enhanced DBS with barred list check.

5.11 Peer on Peer Abuse

Sexting/bullying/sexual assaults/physical assault/hazing or initiating child on child abuse, will always be taken seriously and acted upon, under the appropriate policy e.g. safeguarding or behaviour policies and not dismissed as 'banter' or 'part of growing up'. These issues will be part of PSHE lessons and discussions. Victims will be supported through the School's pastoral system.

5.12 Child on Child Sexual Violence and Harassment

We will;

- Never tolerate or normalise this behaviour and are very clear it is not an inevitable part of growing up;
- Not tolerate or dismiss sexual violence or sexual harassment as "banter", "part of growing up", "just having a laugh" or "boys being boys";
- Challenge behaviour (potentially criminal in nature), such as grabbing bottoms, breasts and genitalia and flicking bras and lifting up skirts;
- Understand that all of the above can be driven by wider societal factors beyond the school, such as everyday sexist stereotypes and everyday sexist language. This is why a whole school approach is important;
- Deal with any reports or disclosures in line with this policy and refer to the DSL (or Deputy);
- Recognise children with Special Educational Needs and Disabilities (SEND) are three times more likely to be abused than their peers. Additional barriers can sometimes exist when recognising abuse in SEND children. These can include: assumptions that indicators of possible abuse such as behaviour, mood and injury relate to the child's disability without further exploration;
- Recognise the potential for children with SEND being disproportionately impacted by behaviours such as bullying and harassment, without outwardly showing any signs; and that there may be communication barriers and difficulties overcoming these barriers.

Therefore, any reports of abuse involving children with SEND will involve liaison with the Designated Safeguarding Lead (or deputy) and the SENCO.

The Trust also recognises that children who are lesbian, gay, bi, or trans or questioning (LGBTQ) can be targeted by their peers. In some cases, a child who is perceived by their peers to be LGBTQ (whether they are or not) can be just as vulnerable as children who identify as LGBTQ.

<https://www.gov.uk/government/publications/sexual-violence-and-sexual-harassment-between-children-in-schools-and-colleges>

5.13 Physical Intervention and Use of Reasonable Force

All staff are encouraged to use de-escalation techniques and creative alternative strategies that are specific to the child. Restraint will only be used as a last resort and all incidents of this are reviewed, recorded and monitored. Reasonable force will be used in accordance with government guidance. Safeguarding and welfare concerns will be taken into account when restraint is used on SEND students.

5.14 Alternative Provision

We will obtain written confirmation from any alternative provision that all relevant checks have been carried out as we would with our own staff. We will share any risk assessments and safeguarding issues where relevant and will regularly visit the provision and our students. We will ensure they have effective safeguarding in place and keep the DSL appropriately informed.

5.15 Private Fostering

A private fostering arrangement is one that is made privately (without the involvement of a local authority) for the care of a child under the age of 16 years (under 18, if disabled) by someone other than a parent or close relative, in their own home, with the intention that it should last for 28 days or more. (*Close family relative is defined as a 'grandparent, brother, sister, uncle or aunt' and includes half-siblings and step-parents; it does not include great-aunts or uncles, great grandparents or cousins.) The School will work within the guidance from the Safeguarding Partnership.

Appendix A - Concern Form Part A

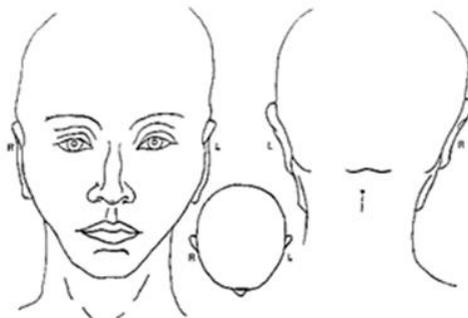

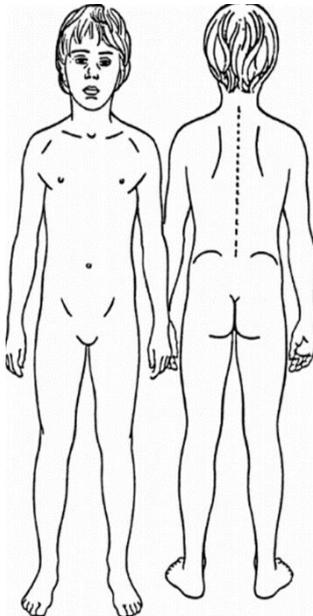

Part A is to be completed by the adult who first has a concern and reported to the Designated Safeguarding Lead (DSL) without delay.

The DSL will complete Part B.

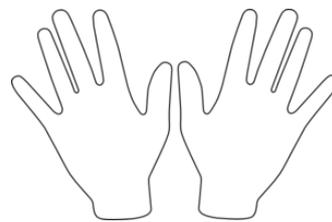

Child's name			
Date of birth			
Address			
Name of member of staff reporting the concern	PLEASE PRINT		
	Signature		
Role			
Date DD/MM/YYYY		Time	

Concern- Use the body- map below to show any marks or injuries.		
Additional form used?	Yes / No	Page of

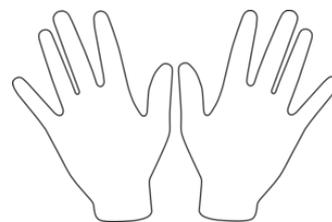

Children must not be undressed or photographs taken of any marks or injuries

Palm

Back

Concern Form Part B

To be completed by the school's Designated Safeguarding Lead (D/DSL).

Child's status with Early Help or Children's Social Care. Tick and add name where known at time of initial report.				
None	CAF	Child in Need	Child Protection Plan	Previous social care involvement
Name of allocated worker				

Name of D/DSL reviewing the concern		
Name of person taking actions	Actions – include whether concerns were shared with parents/carers, MASH and if not outline reasons why	Date

Feedback given to person who raised the concern?	Y / N	
Feedback given by	Date	

Appendix B - ALLEGATIONS AGAINST ADULTS – Risk of harm to children (School Flowchart)

If you become aware that a member of staff/volunteer may have:

- Behaved in a way that **has harmed** a child, or **may have harmed** a child;
- Possibly committed a **criminal offence** against or related to a child or
- Behaved towards a child or children in a way that indicates they **may pose a risk of harm** to a child

Where a young person discloses abuse or neglect

- Listen; take their allegation seriously; reassure that you will take action to keep them safe
- Inform them what you are going to do next
- Do not promise confidentiality
- Do not question further or approach/inform the alleged abuser

Report immediately to your Headteacher / Principal

Any concern or allegation against the Headteacher / Principal will be reported to the Chair of Governors

Unless there is clear evidence to prove that the allegation is incorrect, the Headteacher / Principal **must**:

Report the allegation within one working day to the Designated Officer for Allegations (formerly known as LADO):

- Designated Officer (direct line): **01225 713945**
- Multi-agency Safeguarding Hub (MASH): **0300 456 0108**
- Out of Hours Emergency Duty Service (5.00pm to 9.00am, 4:00pm Friday 9:00am Monday): **0300 456 0100**

The Designated Officer will:

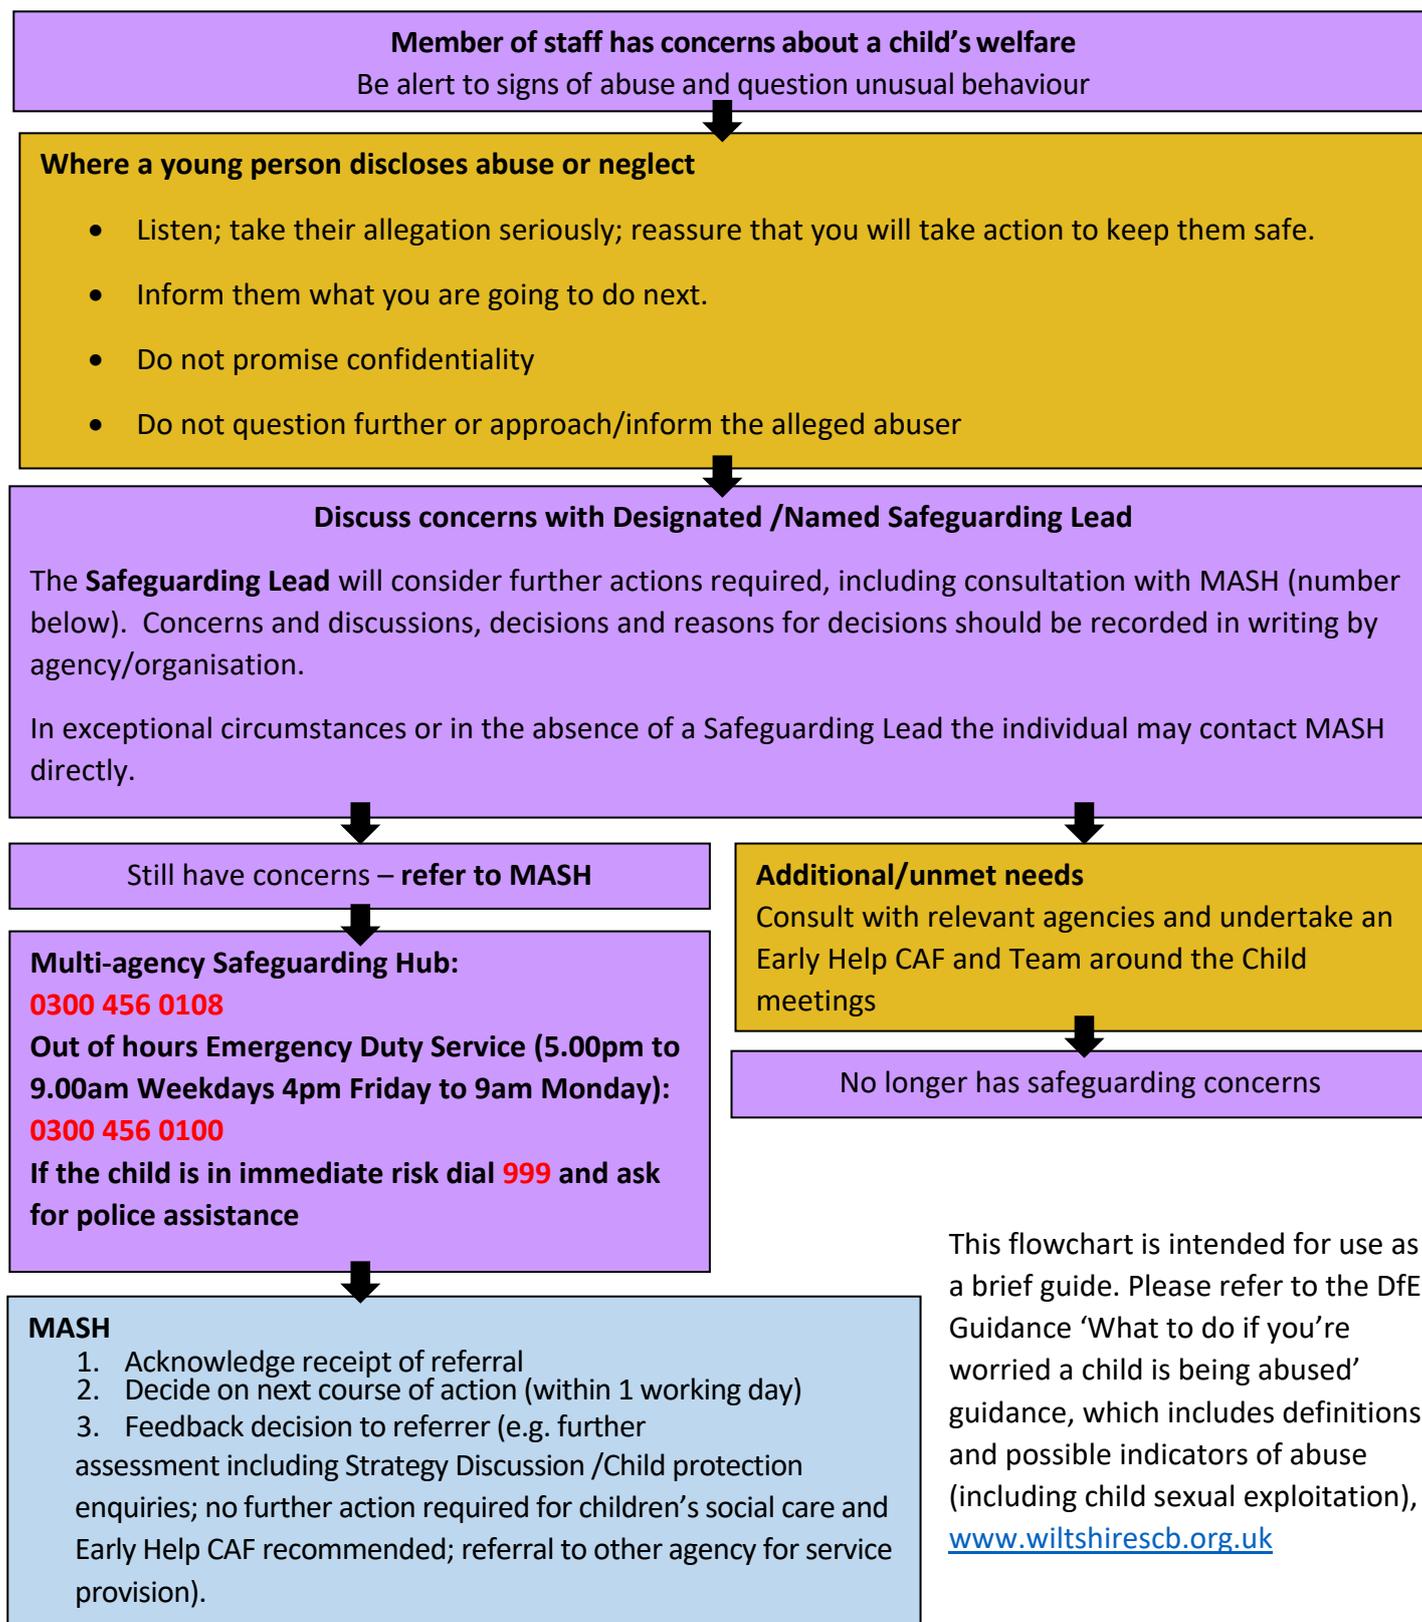

- Consider the relevant facts and concerns regarding the adult and child or children, including any previous history
- Decide on next course of action - usually straight away, sometimes after further consultation with other multi-agency parties such as the Police and HR.

If the allegation threshold is NOT met, the Designated Officer will agree with you an appropriate response (*e.g. for the agency to undertake further enquiries or undertake and internal investigation*)

If the allegation threshold is met a strategy meeting will normally be held either by phone or in person. Normally a senior manager/ safeguarding lead, the Designated Officer, HR, Police and social care are invited to attend. Relevant information is shared, risks to children are considered and appropriate action agreed –e.g. child protection and other enquiries, disciplinary measures or criminal proceedings. A record of the meeting will be made, and regular reviews will take place until a conclusion is reached.

NB: This document is intended for use as a brief guide only. For more detailed guidance refer to the WSCB Allegations Management Policy at <http://www.wiltshirescb.org.uk>

Appendix C – What to do if you are worried a child is being abused and neglected

Appendix D - Prevent Duty and Radicalisation

There are now duties imposed on schools and other agencies in relation to the [DfE guidance the Prevent Duty](#). The prevent duty is now incorporated into our existing policies.

Further advice in relation to this is within Keeping Children Safe In Education in relation to:

- Where we are concerned about individual children we will follow the referral pathway defined.
- The protection of children and young people from being drawn into, and against, the messages of all violent extremism. This includes and is not restricted to ISIL, AQ, Far Right, Neo Nazi, White Supremacist ideology, Irish Nationalist and Loyalist paramilitary groups, and extremist Animal Rights movements.
- The use of social media and the internet as tools to radicalise young people cannot be underestimated. We recognise that those that seek to recruit young people to follow extremist ideology often target those who are already vulnerable in some way and that exposure to extreme views can make young people vulnerable to further manipulation and exploitation.

As a Trust we are clear that we have a duty to safeguard young people from such dangers and we will actively promote resilience to such risks through our RE/PSHE curriculum, SEND policy, assemblies, our SMSC and anti-bullying work and our ICT Acceptable Use Policy.

The Trust has RAP trainers who will deliver training, on behalf of the Trust, to staff across our academies.

Appendix E - Child Sexual Exploitation (CSE) Policy

Acorn Education Trust adheres to the relevant Safeguarding Partnership's procedure in relation to child sexual exploitation. We recognise that child sexual exploitation is a high profile issue both nationally and locally.

The Trust recognises that the child sexual exploitation can cause a great deal of harm to a child, including physically, emotionally, educationally and socially. Where it exists it can also cause harm to communities and academies.

Child sexual exploitation can happen in a number of ways to both boys and girls, for example it can happen in the virtual world through various social media and this can still cause significant harm. It can happen through inappropriate relationships such as older boy/girlfriends or through parties, gangs or organised abuse. Some children will be particularly vulnerable to being exploited, for example if they have had a chaotic upbringing or if they are in care or go missing, involved in gangs or being bullied. We recognise however that any child can become a target for exploitation, particularly where the internet and social media are involved. This is because the normal life events that go with being a child or teenager in today's age can be a challenge and make them susceptible to being groomed and exploited.

Some of the following signs may be indicators of CSE:

- Children who appear with unexplained gifts or new possessions;
- Children who associate with other young people involved in exploitation;
- Children who have older boyfriends or girlfriends;
- Children who suffer from sexually transmitted infections or become pregnant;
- Children who suffer from changes in emotional well-being;
- Children who misuse drugs and alcohol;
- Children who go missing for periods of time or regularly come home late; and
- Children who regularly miss school or education or do not take part in education.

As a Trust we recognise that prevention is the best position with regard to CSE. We seek to support children to develop confidence and build resilience. We will endeavour to support their age appropriate knowledge and raise awareness and understanding of what CSE is, to understand the risks of CSE and to spot the warning signs for themselves and also their friends and peers and by doing so keep safe.

If prevention is not possible we aim to identify children who are at risk of, or being exploited very early. Early intervention is key to effectively working with the child to prevent or reduce the level of risk. Once they have been groomed some children will find it difficult to withdraw from their abusers and we need to contribute to helping to protect them. Some children feel that they are in a relationship with these people. We commit to working with our inter-agency partners to safeguard and protect children.

Much of this work will be through our programmes of personal, social and health education (PSHE) or through our Sex and Relationship Education (SRE) work. An important part of educating our children is focussing on what is a healthy relationship and issues of consent. This will also target potential abusers at an early age with the intention of helping to shape their attitudes to others.

We want to have a culture where the welfare of children is actively promoted and staff and students are vigilant. As part of this children will feel listened to and safe.

Appendix F – So-called ‘Honour’ Based Violence

So-called ‘honour-based’ violence (HBV) encompasses crimes which have been committed to protect or defend the honour of the family and/or the community, including Female Genital Mutilation (FGM), forced marriage, and practices such as breast ironing. All forms of so called HBV are abuse (regardless of the motivation) and should be handled and escalated as such. If in any doubts you should speak to the Designated Safeguarding Lead. If staff have a concern regarding a child that might be at risk of HBV they should follow the normal reporting procedures protocols for multi-agency liaison with police and children’s social care.

Female Genital Mutilation (FGM)

FGM comprises all procedures involving partial or total removal of the external female genitalia or other injury to the female genital organs. It is illegal in the UK and a form of child abuse with long- lasting harmful consequences. Where FGM has taken place there is now a mandatory reporting duty placed on teachers.

Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015) places a statutory duty upon teachers along with regulated health and social care professionals in England and Wales, to report to the police where they discover (either through disclosure by the victim or visual evidence) that FGM appears to have been carried out on a girl under 18. Those failing to report such cases will face disciplinary sanctions. It will be rare for teachers to see visual evidence, and they should not be examining students, but the same definition of what is meant by “to discover that an act of FGM appears to have been carried out” is used for all professionals to whom this mandatory reporting duty applies.

Teachers must personally report to the police cases where they discover that an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also still discuss any such case with the academy’s Designated Safeguarding Lead and involve children’s social care as appropriate. The duty does not apply in relation to at risk or suspected cases (i.e. where the teacher does not discover that an act of FGM appears to have been carried out, either through disclosure by the victim or visual evidence) or in cases where the woman is 18 or over. In these cases, teachers should follow local safeguarding procedures.

Forced Marriage

Forcing a person into a marriage is a crime in England and Wales. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent (if they have learning disabilities, for example). Nevertheless, some communities use religion and culture as a way to coerce a person into marriage.

Breast-ironing

Breast Ironing is practiced in some African countries, notably Cameroon. Girls aged between 9 and 15 have hot pestles, stones or other implements rubbed on their developing breast to stop them growing further. In the vast majority of cases breast ironing is carried out by mothers or grandmothers and the men in the family are unaware. The Crown Prosecution Service (CPS) has updated the So-Called Honour-Based Abuse and Forced Marriage guidance to recognise breast- ironing as child abuse. CPS legal guidance makes clear to police and prosecutors that breast-ironing is a crime even if it is said that the victim has consented.

Further information is available in the following documents: Multi-Agency Statutory Guidance on Female Genital Mutilation and Multi-Agency Statutory Guidance: Handling cases of forced marriage.

Appendix G - Children Missing from Education

All children, regardless of their circumstances, are entitled to a full time education which is suitable to their age, ability, aptitude and any special educational needs they may have. Local authorities have a duty to establish, as far as it is possible to do so, the identity of children of compulsory school age who are missing education in their area.

A child going missing from education is a potential indicator of abuse or neglect. Staff should follow the normal school procedures for unauthorised absence and for dealing with children that go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of their going missing in future.

It is essential that all staff are alert to signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns such as travelling to conflict zones, Female Genital Mutilation and forced marriage.

The law requires all schools to have an admission register and an attendance register. All students must be placed on both registers.

The school's attendance manager must inform their local authority of any student who is going to be removed from the admission register where the student:

- Has been taken out of school by their parents and the school has received written notification from the parent they are being educated outside the school system e.g. home education;
- Has ceased to attend the school and no longer lives within reasonable distance of the school;
- Has been certified by a medical official as unlikely to be in a fit state of health to attend school before ceasing to be of compulsory school age, and neither he/she nor his/her parent has indicated the intention to continue to attend the school after ceasing to be of compulsory school age;
- Are in custody for a period of more than four months due to a final court order and the proprietor does not reasonably believe they will be returning to the school at the end of that period; or,
- Have been permanently excluded.

The local authority must be notified when the school is removing a student from its register for any of the five grounds above. This should be done as soon as these grounds for removal from the register are met, and in any event no later than removing the student's name from the register. It is essential that our schools comply with this duty, so that local authorities can, as part of their duty to identify children of compulsory school age who are missing education and follow up with any child who might be in danger of not receiving an education and who might be at risk of abuse or neglect.

Schools must also inform the local authority of any student who fails to attend school regularly, or has been absent without the school's permission for a continuous period of 10 school days or more, at such intervals as are agreed between the school and the local authority.

Appendix H - Sexting Policy

Definition of 'sexting'

There are a number of definitions of sexting but for the purpose of this advice sexting is simply defined as images or videos generated:

- By children under the age of 18, or
- Of children under the age of 18 that are of a sexual nature or are indecent.

These images are shared between young people and/or adults via a mobile phone, handheld device or website with people they may not even know. There are many different types of sexting and it is likely that no two cases will be the same. It is necessary to carefully consider each case on its own merit. It is important to apply a consistent approach when dealing with an incident to help protect yourself, the school and the child. The range of contributory factors in each case also needs to be considered in order to determine an appropriate and proportionate response.

All staff should be familiar with this policy.

Dealing with Incidents of Sexting

STEP 1: Disclosure by a child

Sexting disclosures should follow normal safeguarding practices. A child is likely to be very distressed, especially if the image has been circulated widely and if they don't know who has shared it, seen it or where it has ended up. They will need support during the disclosure and after the event. They may even need immediate protection or a referral to Social Care.

The following questions will help decide upon the best course of action:

- Is the child disclosing about themselves receiving an image, sending an image or sharing an image?
- What sort of image is it?
- Is it potentially illegal or is it inappropriate?
- Are the Safeguarding Policy and practices being followed? For example, is the Designated Safeguarding Lead (DSL) on hand and is their advice and support available?
- How widely has the image been shared and is the device in their possession?
- Is it a school device or a personal device?
- Does the child need immediate support and/or protection?
- Are there other children and/or young people involved?
- Do they know where the image has ended up?

The situation will need to be handled very sensitively to ensure the school Safeguarding and On-line Safety policies and practices are adhered to.

STEP 2: Searching a device

In a school-based context, it is highly likely that the image will have been created and potentially shared through mobile devices. It may be that the image is not on one single device: it may be on a website or on a multitude of devices; it may be on either a school-owned or personal device. It is important to establish the location of the image but be aware that this may be distressing for the young person involved, so be conscious of the support they may need.

The revised Education Act 2011 brought to bear significant new powers and freedoms for teachers and schools. Essentially, the Act gives schools and/or teachers the power to seize and search an electronic device if they think

there is good reason for doing so. A device can be examined, confiscated and securely stored if there is reason to believe it contains indecent images or extreme pornography.

When searching a mobile device, the following conditions should apply:

- The action is in accordance with the school's Safeguarding and On-line Safety policies;
- The search is conducted by the Headteacher or a person authorised by them;
- The DSL or a deputy is present;
- The search is conducted by a member of the same sex;
- If any illegal images of a child are found, you should consider whether to inform the police;
Any conduct involving, or possibly involving, the knowledge or participation of adults should always be referred to the police. If an "experimental" incident is not referred to the police, the reasons for this should be recorded in writing. Always put the child first.
- Do not search the device if this will cause additional stress to the child/person whose image has been distributed.

Never:

- Search a mobile device even in response to an allegation or disclosure if this is likely to cause additional stress to the child UNLESS there is clear evidence to suggest that there is an immediate problem;
- Print out any material for evidence;
- Move any material from one storage device to another;
- View the image unless there is a clear reason to do so (see above) Send, share, copy or save the image anywhere;
- Allow children to do any of the above.

Always:

- Inform the Designated Safeguarding Lead;
- Record the incident;
- Act in accordance with the Safeguarding Policy and procedures;
- Inform relevant colleagues/senior management team about the alleged incident before searching a device;
- Confiscate and secure the device.

If there is an indecent image of a child on a website or a social networking site, then you should report the image to the site hosting
